Feedback on School Website from Provider

"The website has a mobile version which is slightly different to the standard website. You can still access all information—it just has a different layout than usual. The news/gallery/calendar are all at the bottom of the mobile site and they have a different navigation bar but all information can be accessed. We can choose to have the standard version on mobile but this sometimes makes it less user-friendly."

Please can all money payments (and consent slips/notes) be placed in a clearly labelled envelope and given to your child to put in their class box. We encourage the children to be responsible for any correspondence from home.
